THE steadiness of nerve with which Governor Wilson does not let go, would be admirable in a better cause,

New York's World's Fair fund isn't going like a house afire. New York has shown that she is not easily excited over a little thing of this kind.

SPEAKING of Mr. Blaine's illness in 1888 and the Florence letter, some astute politicians surmise that it is hard to tell whether he will be in the field in 1802. Is it any wonder that so many persons envy the astute politicians? So few can see so far and so clearly through

Democratic Secrets in Maryland. A lively political fight is going on in Baltimore. Republicans and independent Democrats tired of the Gorman rule have joined to elect a ticket of reputable men pledged to honest elections and good government. John K. Cowen, a Democrat who is not owned by the Gorman gang, not dismayed by the failure of one effort of this kind, is leading this latest movement.

THAT TERRIBLE COUGH

In the morning, hurried or difficult breathing, raising phiegm, tightness in the clest, quickened pulse, chilliness in the evening or sweats at night, all or any of these things are the first stages of consumption. Dr. Acker's English Cough Remedy will cure these fearful symptoms, and is sold under a positive guarantee by Logan Drug Co., J. T. Goodwin & Co., C. R. Goetze, A. T. Young, John Coleman, C. Menkemeller. Daw-6 Mr. Cowen knows his opponent and is fighting the devil with fire. At a public meeting he brought forward two of the men who have been doing Gorman's fine work, including fraud and intimidation, and these two plain men told a plain story which should drive from the in 50 cent bottles by C. Boveral years ago I was called to see a colored woman who had a malignant form of cancer on her foot. The cancer grew worse under the presented treatment, and the toes and one side of the foot were at length eaten entirely away. The patient could not have survived much longer, but I commenced the tree of Swif's Specific, and it cured her sound well. That was three years ago, and there has been no return of the disease. I regard Swift's Specific a most excellent medicine for blood diseases, as furtherney is to drive out the poison.

Matherville, Miss. Wa. E STAGO, M. D. assaults of an organized force of thugs who received two dollars apiece for chasing negroes away from the polls

where they were entitled to vote. To discredit the confessions the Demo cratic ringsters show how many times the men who made the confessions have been indicted. They forget to say that the indictments did not prevent Senator Gorman from keeping these toughs in his service, and they might have added that the Gorman gang saw that the indictments did not amount to much The high-toned men of the Democratic party could not have told such stories, for Gorman does not use that kind of men for that kind of work. From respectable Democrats who follow him because they cannot overcome their pre-judices, Gorman is satisfied with cash

contributions, the weight of respectable names and votes.

A good work is being done in Balti more, and if the coming election be at all fair—as elections in Baltimore have not been for years—the citizens' ticket will be elected. Though the present effort be another chapter of failure, the seed will not all perish. It connot be long before the intelligence, the decency, the property of that fair city shall gain control of its affairs. The drift is steadily that way, hopeless as the fight against thieves and thugs may seem. FORMER WHEELING PASTORS.

Rev. Dr. D. H. Moore, editor of the Western Christian Advocate, who recently visited Parkersburg, writes to his paper: Our church at Parkersburg, W. Va., under Dr. Hite, is making rapid strides to numerical and spiritual power. Over 500 communicants, and one of the pretitest churches inside in Methodism. After being closed six months for a thorough remaking, the auditorium was reopened last Sunday. The resonance has been remedied by arching the ceiling. The freecoing, sittings, pipe organ, everything, is beautiful and in excellent taste. The entire cost of improvements was nearly \$7,000, the last \$1,000 of which was subscribed in the two services Sunday. Dr. Hite was assisted by the editor of the Western. One Fact

A Parkersburg correspondent informs the Intelligences that during the two years Dr. Hite has been in Parkersburg more than 300 persons have united with his church, and that probably as many as 400 have made some kind of public confession. Dr. Hitc's work is so acceptable that the congregation is limited only by the seating capacity of the church.
